

I'm With the Band

Little Big Town

Last night in Memphis
Tonight in New Orleans
Tomorrow I'll be miles from here
Ain't nothin' to me, nothin' to me Sweet gypsy highway
Won't you let me chase my dream
'Cause I got a song to take me there
And it's somethin' to see, somethin' to see Lord, I was born with a suitcase in my hand
Livin' in a life that few could understand
Sometimes it gets so confusin'
That I don't know where I am
But I always know who I'm with
I'm with the band
Cheap whiskey midnight
Another round with my friends
Watchin' the world through the windshield
And we're rollin' again, rollin' again Lord, I was born with a suitcase in my hand
Livin' in a life that few could understand
Sometimes it gets so confusin'
That I don't know where I am
But I always know who I'm with
I'm with the band Lord, I was born with a suitcase in my hand
Livin' in a life that few could understand
Sometimes it gets so confusin'
That I don't know where I am
But I always know who I'm with
I'm with the band
Last night in Memphis
Tonight in New Orleans
Tomorrow I'll be miles from here
Ain't nothin' to me, nothin' to me
