

Klapp Klapp

Little Dragon

Corridor lies with the river
All watery eyes
I stand there waitin' for my turn
I turn with a rise
The spirits blow around like a hurricane whip
The girls don't mind my high scream drip Somebody found us dancin'
You can turn off and feel better
When everything's clear like cold weather
Go feel better, feel better Somebody from my heart said
I could turn off and never wake up
And everything's clear, my breath feels like steam fake
Feel better
Fallin' apart, apart, apart, apart, apart
Finally they call my name
The ghost inside can wake us to life
Makin' my chair do flips
By givin' into this we'll be saved every time Fallin' through the floor on my broken butterfly
wing
Gimme me one more, the girl from the corridor sing, she sing
I hear you want it, don't you?
I know you want it, don't you? Don't you?
I see you want it, don't you?
I know you want it, don't you? Don't you?
Fallin' apart, apart, apart, apart, apart
Fallin' apart, apart, apart, apart, apart Somebody found us dancin'
You can turn off and feel better
When everything's clear like cold weather
Go feel better, feel better
Somebody from my heart said
You could turn off and never wake up
And everything's clear, my breath feels like steam fake
Feel better Do you want it? Do you want it?
Do you want it? Do you want it?
Do you? Do you? (She says) Do you? Do you? Do you want it? Do you want it?
Do you want it? Do you want it?
Do you? Do you? Do you? (She says) Fallin' apart, apart, apart, apart, apart
Fallin' apart, apart, apart, apart, apart
