

# Learn From Each Other

Majid Jordan

Thought I knew what it was the first time I saw you  
But I only found out when you walked away  
Yeah, it's easy to fall into a cycle  
Yeah, and it's easy to say that you don't wanna change()  
See we can only learn from each other  
And we can only grow here together  
I only know how to be myself when I'm with you  
Yeah, we can only learn from each other  
(2)

I know there was love opening to the madness  
But even the madness can't keep me away  
I always thought you were a person of substance  
Yeah, but then when you left, you had nothing to say(Repeat)(Bridge)  
We can only learn from each other  
We can only learn from each other  
We can only learn from each other  
And I only learn from you

(3)

I knew it was love the first time I saw you  
You knew there was love the first time we met  
I'm losing myself, I'm losing myself, I'm losing myself  
I feel lost in your love and my heart's in a place  
I can't really tell, it's been so long, so long, so long, so long(Repeat 2X)
