Make up your mind
I know you're wondering why
I see this shit ain't as easy
As it once was
But i'm sure you'll be fineBeauty ain't no issue for someone like you
You should know better
Cos there ain't no better
If I mean dont be a sss
Girl dont fight me
I aint running okay
No i cant i
And i u deny
Its gonna be beside me
Make up your mind
This aint rocky sign
But i apologise if i cant stay the night
I just got so much shit on my mind
Beauty aint no issue for someone like you
You shoukd know better cos there ain't no better
