

# Nothing Like

## Ned's Atomic Dustbin

I don't know what you're thinking  
When you fail to see things are at an end  
    You hate to see me start again  
And you don't seem nothing like my friend  
    Well you just watch me  
    'cause you cannot stop me  
    I don't deny you're in good health  
    But I do deny that I've found wealth  
    You look like a fool, but who can tell,  
    You don't look nothing like yourself
