

# I'm In a Different World

## Four Tops

In this world of ups and downs my dreams all fall through  
Things just don't work out, no matter what I do  
Disappointment haunts me, through each lonely day  
The world around I see, in only shades of gray  
But when the love light shines upon my face  
I'm in a different world  
A world I never knew, I'm in a different world  
A world so sweet and true, I'm in a different world  
I'm no longer just another face in a crowd  
Hey, look into my eyes, you'll see I'm strong and I'm proud  
You are all the sweetness of my life, you see  
You have brought heaven right here on earth to me  
No man of wealth, I know I'll ever be  
But I'll be satisfied just knowing you love me  
On the stage of life I've played a loser's part  
It seems like I've been down right from the very start  
Every time I lift myself up off the ground  
Something always happens to bring the curtain down  
But when your love light shines upon my face  
I'm in a different world  
A world so warm and sweet, I'm in a different world  
Now that you've been loving me, I'm in a different world  
Each time you speak my name or put your hand in mine  
The empty life I knew, I leave it far behind  
'Cause you gave me the love that I truly felt  
Most of all you made me believe in myself  
You're more than a love to me, you're my way of life  
I'll forever cherish you, more each day and night  
Oh,  
I'm in a different world  
A world that's warm, a world that's sweet  
A world that's every bit complete  
A world that's real, you've made me see  
All the beauty surrounding me  
Oh, look what you've done for me  
Oh, look what you've done for me  
I'm in a different world, now that you've been loving me  
I'm in a different world, and that's where I want to be  
I'm in a different world, now that you've been loving me...
