

# Two Pieces

[Demi Lovato](#)

There's a boy, lost his way, looking for someone to play  
There's a girl in the window tears rolling down her face  
We're only lost children, trying to find a friend  
Trying to find our way back home We don't know where to go, so I'll just get lost with you  
We'll never fall apart, 'cause we fit together right, we fit together right  
These dark clouds over me, rain down and roll away  
We'll never fall apart, 'cause we fit together like  
Two pieces of a broken heart  
I know where we could go and never feel let down again  
We could build sandcastles, I'll be the queen, you'll be my king  
We're only lost children, trying to find a friend  
Trying to find our way back home We don't know where to go, so I'll just get lost with you  
We'll never fall apart, 'cause we fit together right, we fit together right  
These dark clouds over me, rain down and roll away  
We'll never fall apart, 'cause we fit together like  
Two pieces of a broken heart Now I can lay my head down and fall asleep  
Oh, but I don't have to fall asleep to see my dreams  
'Cause right there in front of me (right there in front of me)  
There's a boy, lost his way, looking for someone to play  
We don't know where to go, so I'll just get lost with you  
We'll never fall apart, 'cause we fit together right, we fit together right  
These dark clouds over me, rain down and roll away  
We'll never fall apart, 'cause we fit together like  
We fit together like  
Two pieces of a broken heart  
There's a boy, lost his way, looking for someone to play
