

# I See Stars (feat. Jack Davey)

## The Knux

I need, I need your love like the flowers need the sun  
To grow and reach the sky, let us try to be as one  
I need to feel your love, I need you deep inside  
Put me on your rocket ship and take me out of sight  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?

I need, I need your love like the flowers need the sun  
To grow and reach the sky, let us try to be as one  
I need to feel your love, I need you deep inside  
Put me on your rocket ship and take me out of sight  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?

Yeah, visions break is the man that froze them solid  
Getting my hands up in your pocket  
Before the rocket ship that's rockin' (Rockin', rockin')  
You're the Venus with the fly trap  
Legs up, your eyes fat  
You can chew on this like Trident  
You can try this, then try that  
Spectrals  
It's the Haley's Comet in the bedroom  
You pour sugar on this entity  
As he promised you'll be blessed soon  
Freedom  
He gives you the energy of the gods  
With the ménage-a-trois mossad  
Till the applause  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?  
I see stars. Can you see them, too?
