U-Turn

Usher

Yeah, ay, yo
2000, it's us
Yo, it's time to U-Turn
Ya heard me?
You're either with us or against us, yoIt's been some years now
Since we hit the floor to get down
We always had a step to go with the sound
Now everybody wanna sit around, drink and ballRemember, the snake and how the floor used to clear
And everybody would break
What's crunk now, used to be called getting to it
We're bringing it all back, this is how we do it, just
Put your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
Come on, come on
It's called the U-Turn
In the 80s, fresh was the talk
MJ had everybody doing the moonwalk
In the 90s, I had a high flat top
Doing the wop, Pee Wee to the ReebokI can't forget about my high school days
The sound was Bobby Brown, the dance was the running man
Now everybody wanna push Bentley's
The year is 2, everybody do the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn

Come on, come on
It's called the U-TurnAll you need to do is let go
Let the tempo take over you
I came to have a good time
Let the rhythm deep inside your soul
Let it lead you to the floor, come on, whoaPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It ain't hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It ain't hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
Come on, come on
It's called the U-TurnPut your hands up
Bend your knees
Bounce around in a circle
Get down with meOh, come on, come on
It's not hard to learn
