

The Matrimony (feat. Usher)

Wale

Couldn't make you wait forever, for forever
This is forever If there's a question of my heart, you've got it
It don't belong to anyone but you
If there's a question of my love, you've got it
Baby, don't worry, I've got plans for you
Baby, I've been making plans, oh love
Baby, I've been making plans for you
Baby, I've been making plans
Baby, I've been making plans for you
(My sincerest apologies, I mean it)
Look, I'll admit it, all be it pathetic
That I'm in my late 20s, still never been to a wedding
Guess the idea of that lobby empty do not sit with me well
It's not your fault they try get me cause I'mma need the sales
Cause I'm selfish, and I need you to myself
Tryna see you afloat, but don't wanna see you excel
Cause I failed and see you 'bout to cry
Cause when I enter they city they leave without they pride
I'm sorry, and you starin' at my comments
Fearin' it's gone always be you sharin' me with all them
Wrong, how dare I say ignore them?
Preparing for that day I leave you here and switch you for them
It's hard, you know temptation and all
Bitches out here tryna see if my relationship's strong
Get a place in the charts or runaway from your heart
Gave this music my all, nothing is sacred no more - I'm wrong
But I'm promisin' you better though
And your friends sayin', "let him go"
And we ain't gettin' any younger
I can give up now, but I can promise you forever though If there's a question of my heart, you've
got it
It don't belong to anyone but you
If there's a question of my love, you've got it
Baby, don't worry, I've got plans for you
Baby, I've been making plans, oh love
Baby, I've been making plans for you
Baby, I've been making plans
Baby, I've been making plans for you (Realest shit I ever wrote, realest shit I ever wrote
Realest shit I ever wrote, if you ever knew love)
I'll admit it, let me be hypothetical
The day I find a woman I prolly be scared to share it
The idea of me finding love would run somebody off

And true my wall could use some plaques, but still I gotta floss
Brush you off, see I'm kinda lost
Now I'm up in the club with a couple of Move Ons
And dark, good nigga, troubled heart
Went from fallin' in love to drunk and fallin' apart
This is hard, tryna find some time to move on
Cause when we lost our baby, I got shady, shit got too dark
Soft, and I thank you baby, you strong
My ex before you married too, you solo, I say so long
Nah, good terms how that ended
But it surely put a dent on how I worry about this business
Off white picket fences, on flights with the children
On site stealin' kisses on off nights my intentions but But I plan to do it better though
But you still sayin' let it go
Women love me now but in your eyes we forever though If there's a question of my heart,
you've got it
It don't belong to anyone but you
If there's a question of my love, you've got it
Baby, don't worry, I've got plans for you
Baby, I've been making plans, oh love
Baby, I've been making plans for you
Baby, I've been making plans
Baby, I've been making plans for you
