

# No One Else

Mary J. Blige

Many have called but the chosen are few  
The best of the few is you  
You know exactly what to do  
Baby, your time is so perfect  
Why in the hell I deserve it  
Keep on doin' what you do No one else, no one else  
Can do me like you do me  
No one else no, no one else  
Can do me like you do me Happy 1 plus happy 1 is 2  
Happy 2 is me and you  
Our love was meant to be  
Yes, we have our up's and down's  
But somehow we came around  
And we made each other love so free  
Can't lie, now I'm satisfied  
Yes I'm satisfied even when I cry  
Won't stray, stray away from you  
I would be a fool, you know these words are true No one else, no one else  
Can do me like you do me  
No one else no, no one else  
Can do me like you do me Can't lie, now I'm satisfied  
Yes I'm satisfied even when I cry  
Won't stray, stray away from you  
I would be a fool, you know these words are true No one else, no one else  
Can do me like you do me  
No one else no, no one else  
Can do me like you do me  
No one else, no one else  
Can do me like you do me  
No one else no, no one else  
Can do me like you do me No one else, no one else  
Can do me like you do me  
No one else no, no one else  
Can do me like you do me No one else, no one else  
Can do me like you do me  
No one else no, no one else  
Can do me like you do me
