

# Me and My Kind

Cody Johnson

Yeah that's my old girlfriend  
Saw her when she walked in  
Her hair's a little longer but she's still lookin stronger than sin  
No I don't care if you buy her a drink  
But she's not the kinda girl you think  
Cause back when we were livin she thought cowboys were somethin now they ain't  
But she's over buckles  
She's over spurs  
To her you're just a heartache in a pearl snap shirt  
Been lassoed and let go for the last time  
No she ain't just over me she's over me and my kind  
I guess I ruined it for the rest of us  
When I left her standin in my dust  
Oh and lately she's been hatin rodeos and Copenhagen and trucks  
Yeah she's over buckles  
She's over spurs  
To her you're just a heartache in a pearl snap shirt  
Been lassoed and let go for the first time  
No she ain't just over me, she's over me and my kind  
Yeah she's over buckles  
She's over spurs  
To her you're just a heartache in a Wrangler pearl snap shirt  
Lassoed and let go for the last time  
She ain't just over me, she's over me and my kind  
She ain't just over me, she's over me and my kind
