

Retaliator

Scar Symmetry

Behold essence of unearthly
Holographic entity
Shape shifting being within me
Defying the eyes I emerge from within
Cold-blooded design
Rising terror
Towards mankind Retaliator
Retaliation's coming
Retaliator
Inter-dimensional Beyond five sense reality
Reptilian frequency
Temples and shrines that you see here
Were built in my name
I shall bring the end
To all of your kind
Faithful servants
Prepare to be devoured Retaliator
Retaliation's coming
Retaliator
Inter-dimensional
Prime desecrator
Fall to the new world order
Death generator
Servants and fiends alike (Solo: P. Nilsson) Your prevailing reality defines me
As any folklore being (Solo: J. Kjellgren)
Prime desecrator
Fall to the new world order
Death generator
Servants and fiends alike Your revelation or your damnation
Either way I bring you death Prime desecrator
Fall to the new world order
Death generator
Servants and fiends alike
