

# Drive

## Jonas Brothers

Yeah, yeah  
I was in the background  
Quickly fadin' out of view  
She with on the front line  
Shinin' star of the room  
I want to get closer  
But there's nothin' I can do  
What a shame  
Yeah, yeah Headed for the exit  
Guess it's time to hit the road  
I wish she was with me  
Cuz I, I just never know  
I pull the car up  
Thinkin' pedal to the floor  
About to take off  
She opens up the door  
She says let's get goin', we got time  
But I can see the look inside her eyes  
And to my surprise  
It was all green lights  
Life's a crazy ride  
So get in the car and drive  
C'mon now, yeah We were in the fast lane  
Rollin' to who knows where  
No destination  
But she don't seem to care  
She kept me guessin'  
With the moonlight in her eyes  
So fierce now  
Hey yeah  
I start to question  
All the things that I don't know  
She doesn't answer  
She just turns up the radio, yeah She says let's get goin', we got time  
But I can see the look inside her eyes  
And to my surprise  
It was all green lights  
Life's a crazy ride  
So get in the car and drive  
C'mon now, yeah Sometimes in life  
Moments arrive  
Things don't turn out the way that you planned

So never think twice  
Just get in the car and drive  
Come on now, come on now Listen...  
She says let's get goin' we got time  
I can see the look inside her eyes  
And to my surprise  
It was all green lights  
Life's a crazy ride  
So get in the car and drive, yeah  
She says let's get going we got time  
But I can see the look inside her eyes  
And to my surprise  
It was all green lights  
Life's a crazy ride  
We just can't think twice  
So get in the car and drive, yeah  
Nah, nah, nah, nah, nah
