No Bone Movies

Ozzy Osbourne

Silver screen such a disgrace
I couldn't look her straight in the face
A foolish picture I live in disgust
Degradation being eaten by lustNo bone movies
No bone movies
No bone moviesInspiration that's blue and uncut
Can't kick the habit obsession of smut
Voyeur straining in love with his hand
A poison passion a pulsating gland
No bone movies
No bone movies
No bone moviesFlaps(solo)I shouldn't do it the guilt tells me why
I just can't stop I try and I try
X rated demon that lives in my head
Hungry for bodge and he wants to be fedNo bone movies
No bone movies
No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
No No, No bone movies
