

# Stupid Things (feat. Saweetie)

## Four Of Diamonds

I mix up my drinks, I do stupid things like  
(Icy, Four of Diamonds)  
Stupid things like  
(Saweetie)

I mix up my drinks, I do stupid things like You, you got a girlfriend  
Why you looking at me like that?  
Hi, I got a boyfriend  
I could never do him like that  
You, you got a girlfriend  
Why you moving on to the next?  
Hi, I got a boyfriend  
I'm not tryna make him my ex  
But I mix up my drinks and I mix my feelings  
Now my head's spinning  
I mix up my drinks, I start giving in  
And do stupid things like Standing on the balcony  
Staring at your eyes for too long  
I let you get too close to me  
I mix up my drinks, I do stupid things like  
Feeding off your energy  
Dancing like I'm taking you home  
I let you get too close to me  
I mix up my drinks, I do stupid things like Stupid things like  
I mix up my drinks, I do stupid things like  
Ooh, you got a girlfriend  
Why you acting like you don't know?  
I, I got a boyfriend  
I'm begging you to leave it alone  
Ooh, you got a girlfriend  
So I should keep you in the friendzone  
I, I got a boyfriend  
And I'm not really tryna move on But I mix up my drinks and I mix my feelings  
Now my head's spinning  
I mix up my drinks, I start giving in  
And do stupid things like Standing on the balcony  
Staring at your eyes for too long  
I let you get too close to me  
I mix up my drinks, I do stupid things like  
Feeding off your energy  
Dancing like I'm taking you home  
I let you get too close to me  
I mix up my drinks, I do stupid things

(Where my bottles at?)  
Stupid things like  
(Let me get some, mix it up)  
I mix up my drinks, I do stupid things like Stupid things, stupid guys, get them stupid drunk  
In the club with my girls, we do what we want  
Hold our drinks up, we gon' toast some  
Spending hundreds [?]  
I see independent, I will run a check up  
I got it on my own, don't get it mixed up  
He got me actin' stupid, he know I let him do it  
A bottle to the neck and I better make him move it  
Yeah, I better make him move it Standing on the balcony  
Staring at your eyes for too long (long)  
I let you get too close to me  
I mix up my drinks, I do stupid things like  
Feeding off your energy  
Dancing like I'm taking you home (taking you home)  
I let you get too close to me  
I mix up my drinks, I do stupid things like Stupid things like  
Stupid things like  
I mix up my drinks, I do stupid things like  
Stupid things like  
I mix up my drinks, I do stupid things like
