

# Once in a Lifetime

Keith Urban

I can see it in your eyes  
And feel it your touch  
I know that you're scared  
But you've never been this loved It's a long shot baby  
Yeah I know it's true  
But if anyone can make it  
I'm betting on me and you Just keep on moving into me  
I know you're gonna see  
The best is yet to come But don't fear it now we're going all the way  
That sun is shining on a brand new day  
It's a long way down and it's a leap of faith  
But I'm never giving up  
? Cause I know we got a once in a lifetime love  
Everybody's looking for what we found  
Some wait their whole life  
And it never comes around So don't hold back now just let go  
On all you've ever known  
You can put your hand in mine And don't fear it now we're going all the way  
That sun is shining on a brand new day  
It's a long way down and it's a leap of faith  
But I'm never giving up  
? Cause I know we got a once in a lifetime love I close my eyes and I see you standing right  
there  
Saying? I do? and they're throwing the rice in our hair  
Well the first one's born and a brother comes along and he's got your smile  
I been looking back on the life we had still by your side  
So don't fear it now we're going all the way  
That sun is shining on a brand new day  
It's a long way down and it's a leap of faith  
But I'm never giving up  
? Cause I know we got a once in a lifetime love  
Lifetime love
