

Shadow

Burden Brothers

I don't want to tie you down
I don't want to break your stride
So if you got to go then go
And I will be the shadow at your side
You know I got to find out
Just what you're made of
Cause this is your song now
This is your song nowAnd I am the shadow at your side
I am the shadow at your side
I am the shadow at your side
I am the shadow
Woa-woa
So won't you put a light on
And put it in your window
Let me know you're at home
Let me know you're alone
Know that I am watching
Always watching
Let me follow
Let me followAnd I am the shadow at your side
I am the shadow at your side
I am the shadow at your side
I am the shadow
Woa-woaWoa-woa
Let me follow you
Let me follow you
Let me follow you
I will
I will
Let me follow you
Let me
Let meSo won't you put a light on
And put it in your window
Let me know you're at home
Let me know you're alone
Know that I am waiting
Always waiting
Let me follow
Let me followAnd I am the shadow at your side
I am the shadow at your side
I am the shadow at your side
I am the shadow

And I am the shadow at your side
The shadow at your side
The shadow at your side
I am the shadow
Woa-woaI am the shadow
Oh
I am the shadow
Oh
I am the shadow
Oh
I am the shadow
Oh
