

Peanut Butter Jelly (GTA Remix)

Galantis

Sleepless nights at the Chateau
Visualize it
I'll give you something to do
Kush-Kush wherever we go
Visualize it
I'll give you something to do To get a wildfire burning
Visualize it
I'll give you something to do Ace high, i'm going all in
Visualize it
I'll give you something to do Spread it like peanut butter jelly
Do it like I owe you some money
Spread it like peanut butter jelly
Do it like I owe you some money
Money, Money, Money...
Spread it like Spread it like Visualize it
I'll give you something to do Spread it like
Sleepless nights at the Chateau
Visualize it
I'll give you something to do
Kush-Kush wherever we go
Visualize it
I'll give you something to do To get a wildfire burning
Visualize it
I'll give you something to do Ace high, i'm going all in
Visualize it
I'll give you something to do
Spread it like peanut butter jelly
Do it like I owe you some money
Spread it like peanut butter jelly
Do it like I owe you some money
Money, Money, Money...
Spread it like
Spread it like
Visualize it
I'll give you something to do
Spread it like
Visualize it
I'll give you something to do
Visualize it
I'll give you something to do
