

Come With Me (feat. Various Artists)

Puff Daddy & Jimmy Page

Uh-huh yeah Uh uh-huh yeah Yeah Hear my cries, hear my call
Lend me your ears, see my fall
See my error, know my faults
Time halts, see my loss Know I'm lacking, backtracking
Where I met you, pistol packing
Itchy finger, trigger happy
Try to trap me, bad rap Wiretap me, backstab me
Break the faith, fall from grace
Tell me lies, time flies
Close your eyes, come with me
Come with me
Yeah
Come with me
Uh-huh yeah
Yeah You said to trust you, you'd never hurt me
Now I'm disgusted, since then adjusted
Certainly you fooled me, ridiculed me
Left me hangin', now shit's boomerangin' Right back at ya, think long-ranged
Narrow minded, left me blinded
I co-signed it, shit backfired
But I'm bouncin' back, I grinded Not many would bear the pressure, you comprehend me
You musn't end me, you offend me
It's trauma, feel the drama
Come with me
Yeah
Uh-huh
Heh-heh
Come with me
Don't be afraid
Yeah
Come with me I close my eyes
And I see
You, standing there
I cry
Tears, of sorrow
I die Uh-huh
Yeah Fuck my enemies, fuck my foes
Damn these hoes, is steppin' on my toes
Back up off me, take your hands off me
Give me room to breathe I'm not hearin' it, I'm not fearin' it
I'm up to my ears in it, bullshit
I'm destructive, some women find that seductive

Some say it's lunacy, but luckily I've been movin' on
I ignore you, sorry if I call you
I neglect you, don't mean to disrespect you
Can't you see, I love you dearly
And not sincerely, but you annoy me
You can't avoid me, I'm here to stay
Forever, and ever in a day that's never
I can't let you go, I can't forget it
Why you did it, I won't permit it
I won't acquit it, I wanna to fight you
I'll fuckin' bite you, can't stand nobody like you
You can't run, you can't hide
No surprise, close your eyes
Come with me Yeah
Come with me Yeah I like this
Come on Hear my cries
Hear my call
Lend me your ears Uh-huh
You ready now
Come on check this out Hear my cries, hear my call
Lend me your ears, see my fall

Wiretap me, backstab me
