

# I Wanna Know You

## Hannah Montana

Whoa oh  
Whoa oh  
Whoa oh When I saw you over there  
I didn't mean to stare  
But my mind was everywhere  
I wanna know you Gonna guess that you're the kind  
To say what's on your mind  
But you listen when I have something to show you There's a mark above your eye  
You got it in July  
You're fighting for your sister's reputation  
You remember people's names  
And violent times are lame  
So I bring you flowers just for no occasion oh Whoa oh, whoa oh, whoa oh  
I wanna know you  
Whoa oh, whoa ohm whoa oh  
I wanna go there where you go I wanna find out what you know  
And maybe someday down the road  
Sit back and say to myself  
Yeah, I thought so You smile and never shout  
You stand out in a crowd  
You make the best of every situation Correct me if I'm wrong  
You're fragile and you're strong  
A beautiful and perfect combination yeah  
Whoa oh, whoa oh, whoa oh  
I wanna know you  
Whoa oh, whoa oh, whoa oh  
I wanna go there where you go I wanna find out what you know  
And maybe someday down the road  
I'll sit back and say to myself I like how you are with me  
In our future history  
And maybe someday down the road  
I'll sit back and say to myself  
Yeah, I thought so I thought so, yeah Whoa oh, whoa oh, whoa oh  
(Yea yea)  
I wanna know you  
(Yea, yea)  
I wanna go there where you go  
I wanna find out what you know  
And maybe someday down the road  
I'll sit back and say to myself  
I like how you are with me  
In our future history

And maybe someday down the road  
I'll sit back and say to myself  
Yeah, I thought so
