

Flesh & Bone

Milo Manheim, Meg Donnelly, Kylee Russell, Carla Jeffery,
Chandler Kinney, Pearce Joza & Baby Ariel

Hear it getting louder, a call for revolution
Yeah, we came for what was ours, it's time for restitution
We'll protect our own, take back the stone No, human nature cannot hold us down
Stranded at the bottom, but we're more than a whisper
No, we'll never be forgotten, our blood's thicker than silver, yeah
When worlds collide, it's do or die
So tell me, is it wrong to stand your ground? Hear us howl, all or nothing
Fangs are out, we ain't running
Hear us howl, it's all or nothing
Oh-oh-oh-oh
This is a declaration
Oh-oh-oh-oh
Of a new generation
It's now or never, we're in this together
We'll fight through the highs and the lows
No, we won't break, we're more than flesh and bone The world has gone crazy and no one seems
to listen
Gotta step in, no more maybes, and stop the demolition
Is it hope or fear? Look in the mirror
Everything we built is coming down No more hesitation, it's time we start to realize
With all this separation, silence is still taking sides
So use your voice, make a choice
And tell me, are you standing with the crowd?
Oh-oh-oh-oh
This is a declaration
Oh-oh-oh-oh
Of a new generation
It's now or never, we're in this together
We'll fight through the highs and the lows
No, we won't break, we're more than flesh and bone Ayy, ayy, ayy-ayy
We say no more bad blood, no more bad blood
Ayy, ayy, ayy-ayy
No way, they can't stop us, no, they can't stop us
Ayy, ayy, ayy-ayy
We say no more bad blood, no more bad blood
Ayy, ayy, ayy-ayy
No way, they can't stop us, no, they can't stop us History changes, but we lost the pages we
wrote
When you lose direction, can't see the reflection you know
We came from the bottom then became the problem
Now everything's out of control

So hey, are you with me? Let's go! Oh-oh-oh-oh
This is a declaration
Oh-oh-oh-oh
Of a new generation
It's now or never, we're in this together
We'll fight through the highs and the lows
No, we won't break, we're more than flesh and bone
