

# Good 4 It

## Wallpaper.

I might have actually died  
You gotta bring me to life  
I need you really really right now right now  
Where I'm at I dont know  
Phone is dead Zombie phone  
I need you really really right now right now  
Like really really really right now right now How to stay alive though  
How the fuck should I know  
Without some help sometimes  
Need my friends sometimes  
To bail me out sometimes  
You know I'm good 4 it  
You know I'm good 4 it  
You know I'm good 4 it  
I don't know how to explain  
I got in over my brain  
I need you really really right now right now  
Superlow ocean floor  
Starring in a shit show  
I need you really really big time big time  
Like really really fucking big time big time How to stay alive though  
How the fuck should I know  
Without some help sometimes  
Need my friends sometimes  
To bail me out sometimes  
You know I'm good 4 it  
Without some help sometimes  
Need my friends sometimes  
To bail me out sometimes  
You know I'm good 4 it  
You know I'm good 4 it  
You know I'm good 4 it  
Do you remember that one time?  
Well this is way worse than that one time  
Well you needed me then like I'm needing you now  
Get your ass over here and help me out How to stay alive though  
How the fuck should I know  
Without some help sometimes  
Need my friends sometimes  
To bail me out sometimes  
You know I'm good 4 it  
Without some help sometimes

Need my friends sometimes  
To bail me out sometimes  
You know I'm good 4 it  
(I need you really really right now)  
You know I'm good 4 it  
(Like really really really right now)  
You know I'm good 4 it  
(I need you really really right now)  
You know I'm good 4 it  
You know I'm good 4 it (yeah yeah)  
You know I'm good 4 it (yeah yeah)  
You know I'm good 4 it  
You know I'm good 4 it
