

# Mood

## Porches

I just wait around  
To hear the good news  
To hear the good news  
I just wait around  
To hear from you  
To hear from you  
Are you in  
The mood  
Oh I think I  
I said the wrong thing  
Don't know what I do  
But I don't wanna be here  
Don't wanna be here  
So I just wait around  
To hear the good news  
To hear the good news  
If you want  
To be on your way  
Well you don't have  
Have to stay
