

# 4 Letter Word

## Diggy

Four letter word, four letter word  
Four letter word, four letter word You make me wanna sing to you, ah oh  
Yeah, it's the little things you do for me, homie, lover, friend  
I can spend my life with you, ah oh  
Yeah girl, we ain't gotta thing to lose so, let's go and runaway It's you and me, never gotta worry  
'Cause we always got each other  
Like the moon to the sea  
Girl, you got me feeling your way You're my four letter word, four letter word  
My four letter word, four letter  
You're my four letter word, four letter word  
My four letter word, four letter word  
Four letter, four letter word you can be anywhere in the world  
But you're here with me  
'Cause you're my four letter word, four letter word  
And I'm your four letter word, whoa To be loved, to be loved, what a feeling, it's a drug  
I'm addicted to ya hugs and ya kisses and ya ah  
No matter who's around I show affection  
Walk you on the inside of the sidewalk for protection I need a moment to take it all in, feel so  
surreal, don't it  
When you need me call me, I will never leave you lonely  
And I think that's it corny to just call you my angel  
You're my Aaliyah, this letter is almost four pages See my parents and your parents don't agree  
They think our love is temporary 'cause we only teens  
But not too many get it right on the first try  
And I'm feeling so right for the first time  
You're my four letter word, four letter word  
My four letter word, four letter word  
You're my four letter word, four letter word  
My four letter word, four letter word Four letter, four letter word, you can be anywhere in the  
world  
But you're here with me  
'Cause you're my four letter word, four letter word  
And I'm your four letter word, whoa I don't wanna hear a love song 'cause I live it  
Every moments memorable we'll never forget it  
Love the way you pucker up your lips when I peck it  
When you get this message I'll be right here when you check it My heart, my mind, my soul, my  
time  
It's all for you, let me say it one more time  
My heart, my mind, my soul, my time  
It's all for you underscore bottom line You're my four letter word, four letter word  
My four letter word, four letter word  
You're my four letter word, four letter word

My four letter word, four letter word You're my four letter word, four letter word  
My four letter word, four letter word  
You're my four letter word, four letter word  
My four letter word, four letter word  
Love, you're my four letter word, love
