???????????????????? I don't see nothing wrong tonight
I don't see nothing wrong (Right, I like this shit)
I don't see nothing wrong tonight (Yeah, yeah)
I don't see nothing wrong (Right, right) Yeah, right, right, right, uh, uh, uh
If everything goes right but good money
Too many girls could break a man's pocket
Answer the tune, eight-count to your body
Send that shot, too, bet she gotta share it
With their friend, they can't both hold liquor
This the night we cry, but no drama
I don't brag but I speak facts and it's paid for
Everything be paid for

Look up high, seen your halo
My fault, that's the weed smoke
You know what, change your lifestyle
Say they're fed up, but they're in the drug
Too cool for school, they can't teach you
When these dudes on your line
They can't not reach you
But I don't see nothing...I don't see nothing wrong, bed breaking
I don't see nothing wrong ???
I don't see nothing wrong, no no
I don't see nothing wrong, okayI don't see nothing wrong tonight
I don't see nothing wrong
I don't see nothing wrong tonight
I don't see nothing wrong
