

MIKNNA

I've been on you
I've been on you
I've been up thinkin'
I should come through
Tell you no frontin'
Ridin' on fumes
I could feel somethin'
Vibin' off you I've been on you
I've been on you
I've been up thinkin'
You should come through
Tell me no frontin'
You been on fumes
You could feel somethin'
Vibin' off, vibin' off you
Fiesta, fiesta
Maybe we should siesta
Your dress is on pesto
Hair on Morocco
In town for the weekend
No time for that playin' hard to get
So drop, drop your ego
Ain't nobody hold you, trust me
Ain't nobody ever gonna love you like me
Put your thing down, flip it and reverse it for me
Slow motion with the friction while we burnin' degrees
I could tell, up in a minute, I'll be earnin' the keys
Hold up, yeah Got my hands up on your 10 & 2, swerve
Let me pull up on you, make you do work
She said 302, that's the room, number
You know I be there
I've been on you
I've been on you
I've been up thinkin'
I should come through
Tell you no frontin'
Ridin' on fumes
I could feel somethin'
Vibin' off you I've been on you
I've been on you
I've been up thinkin'
You should come through

Tell me no frontin'
You been on fumes
You could feel somethin'
Vibin' off, vibin' off you Tell me you'll be on your way
I just want you here with me
Tell me you'll be on your way
I just want you here with me We could move somewhere remotely when the sun is down
I hit the signal just to let you know I'm comin' over
Like, do you copy?
Meet me in the lobby in like 25
Hit me with the addy to that Rende-
Vous les vous coucher avec moi, ce soir?
Yeah, you moved up here from Brooklyn, Bed-Stuy, that's hot
You got the accents in your frame, good god
'Cause that body got me thinkin' up in places in my mind that I shouldn't
Gorgeous, Penelope, cruisin' through vanilla skies
Can't deny the chemistry
Girl, I could see it in you, she said
See you soon when you come to the room
Close the door and baby we could resume, let's get it on you I've been on you
I've been on you
I've been up thinkin'
I should come through
Tell you no frontin'
Ridin' on fumes
I could feel somethin'
Vibin' off you I've been on you
I've been on you
I've been up thinkin'
You should come through
Tell me no frontin'
You be on fumes
You could feel somethin'
Vibin' off, vibin' off you Tell me you'll be on your way
I just want you here with me
Tell me you'll be on your way
I just want you here with me
