David Guetta & Avicii

Minutes till tonight...  
Minutes till tonight...So put your arms  
Spread them wide  
Nothing's gonna hold me back this time  
I've been waiting for you all my life  
Counting down the minutes till tonight.Open up you heart, let me in  
Let the love finally begin  
Cause I've been for you all my life  
Counting down the minutes till tonight.Minutes till tonight...  
Spread them wide  
Nothing's gonna hold me back this time  
I've been waiting for you all my life  
Counting down the minutes till tonight.Open up you heart, let me in  
Let the love finally begin  
Cause I've been for you all my life  
Counting down the minutes till tonight.Minutes till tonight...Open up you heart, let me in  
Let the love finally begin  
Cause I've been for you all my life  
Counting down the minutes till tonight...So put your arms  
Spread them wide  
Nothing's gonna hold me back this time  
I've been waiting for you all my life  
Counting down the minutes till tonight.  
Open up you heart, let me in  
Let the love finally begin  
Cause I've been for you all my life  
Counting down the minutes till tonight.(end)
