

Mad Love

Mabel

Boy, you lookin' like my type
But tell me, can you hit it right?
'Cause if I let you in tonight You better put it do-do-down, do-do-down
Now we do without the talk
I ain't playing anymore
You heard me when I said before
You better put it do-do-down, do-do-down Made me say
You know what I like, like, like, like
Come put your body on mine, mine, mine, mine
Keep it up all night, night, night, night
Don't let me down, do-do-down
All night give me mad love
All night give me mad love
All night give me mad love
Yeah, don't let me down, do-do-down
All night give me mad love (Give me mad love)
All night give me mad love (Give me mad love)
All night give me mad love (Give me mad love)
Yeah, don't let me down, do-do-down You come over, we could chill
Tell each other how we feel
But, baby, you know I love the thrill
When you put it do-do-down, do-do-down
I'ma ride on my own
But with you I'm in the zone
One shot, don't let it go
You better put it do-do-down, do-do-down
Made me say
You know what I like, like, like, like
Come put your body on mine, mine, mine, mine
Keep it up all night, night, night, night
Don't let me down, do-do-down All night give me mad love
All night give me mad love
All night give me mad love
Yeah, don't let me down, do-do-down
All night give me mad love (Give me mad love)
All night give me mad love (Give me mad love)
All night give me mad love (Give me mad love)
Yeah, don't let me down, do-do-down If I back up, can you handle?
Get it all night, give me mad love
Don't be too nice, better man up
No, don't let me down, do-do-down
If I back up, can you handle?

Get it all night, give me mad love
Don't be too nice, better man up
No, don't let me down, do-do-down All night give me mad love
All night give me mad love
All night give me mad love
Yeah, don't let me down, do-do-down
All night give me mad love (Give me mad love)
All night give me mad love (Give me mad love)
All night give me mad love (Give me mad love)
Yeah, don't let me down, do-do-down Made me say
You know what I like, like, like, like
Come put your body on mine, mine, mine, mine
Keep it up all night, night, night, night
Don't let me down, do-do-down
If I back up, can you handle? (You know what I like, like, like, like)
Get it all night, give me mad love (Come with your body on mine, mine, mine, mine)
Don't be too nice, better man up (Keep it up all night, night, night, night)
No, don't let me down, do-do-down
