Plz Don't Go (feat. Jhené Aiko)

Cashmere Cat

Let's stay until the last light fades, ayyyy
Let's stay until the last light fades, ayyyy
Let's stay until the last light fades, ayyyy
Let's stay until the last light fadesWe've come from so far away
And right now, I think we should stay
You know there's so much more to see
So don't go home without mePlease don't go home, please don't go
Please don't go home, please don't go
Please don't go home, please don't go
Please
I'd like to ride it, ride it
I'd like to ride itBut let's stay until the last light fades
Let's stay until the last light fades
Let' stay until the last light fades, ayyyy
Let' stay until the last light fades, ayyyy
Let' stay until the last light fades, ayyyy
Let' stay until the last light fades, ayyyy
Let' stay until the last light fades, ayyyy
Let's stay until the last light fades
I'd like to ride it, ride it
I'd like to ride it
AlrightI just wanna go wherever you go
I just wanna follow
