

# Down the Line

Jacob Collier

I was walking  
Down the line  
Trying to find  
Some peace of mind Then I saw you  
You were  
Taking it slowly  
Walking it one step  
At a time You said listen stranger  
I'm feeling low  
I don't know which  
Way to go  
I said if you're lost now.  
Maybe I could  
Help you along  
And sing you a song  
And move you on Singing down the line  
Where shall we go Where shall we go  
Down the line  
Where shall we go She said  
I'm looking for a kind of shelter  
A place for me to call my own  
I've been walking all night long ya  
I don't where to call my home  
The only way to find that place is  
Close to where my heart is  
I know I'm going to get there  
But I got to keep on walking down the line  
Down the line ya Where shall we go Where shall we go  
Down the line  
Where shall we go She said  
Estoy buscando un lugar tranquilo  
Un lugar que es la mía  
No sé estado buscando toda la noche  
Para no sé dónde se encuentra  
The only way to find that place is  
Close to where my heart is  
Maybe I'm never going to get there  
But I got to keep on walking down the line Got to keep on walking down the line Got to keep on  
walking down the line I said you go on walking  
Down the line  
Wasting all your  
Precious time

But you're never going to find it  
Because there is no end to the line  
There's no destination  
For you to find  
(There is no destination) But if you get there  
don't forget me  
'Cause I'm the one who  
Set you free But don't come calling  
'Cause I won't want to call you a friend  
So this is the end  
Of you and me  
I won't want to call you a friend  
So this is the end  
Of you and me  
No I won't want to call you a friend  
So this is the end  
Of you and me
