

Broke Down

Cole Swindell

Old school McGraw comin' outta my doors
Had to pull over couldn't take it no more
Got this thing runnin' in park
Hazards lightin' up the dark I was just out drivin' around
Wasn't scannin' for a memory to slow me down
But damn if yours didn't baby
I'd have paid that DJ not to play it 'cause I'm sitting here knowin'
What it's gonna take to fix me
It ain't a bar, it ain't a beer, it ain't the whiskey
I'd give anything to hear you say you miss me tonight
Yeah, anybody else with any kind of sense
Woulda done moved on
Said it is what it is
But I'm off on the shoulder
In a mess all wrecked inside
Oh baby, I'm broke down
And it ain't the truck this time People slowin' down wanna see what's wrong
I got my hand out the window just wavin' 'em on
'cause I don't wanna have to explain
Don't want no one to see me this way Don't need no gas, don't need no ride
Everything on this Chevy is runnin' just right
I just need another minute or two
'til this song's over like me and you
I'm sittin' here knowin'
What it's gonna take to fix me
It ain't a bar, it ain't a beer, it ain't the whiskey
I'd give anything to hear you say you miss me tonight Yeah, anybody else with any kind of sense
Woulda done moved on
Said it is what it is
But I'm off on the shoulder
In a mess all wrecked inside
Yeah baby, I'm broke down
And it ain't the truck this time Yeah, anybody else with any kind of sense
Woulda done moved on
But I'm here like this
Off on the shoulder
In a mess all wrecked inside
Yeah baby, I'm broke down
But it ain't the truck this time
No, it ain't the truck this time I got nowhere to go
Nowhere to be
I'm nobody baby

If you don't love me
