

I'll Be Home Soon

Craig Morgan

You call me up
You ain't even gotta say a single word, I already know
Its been one of those days honey something got you stirred up
Weighing down like an anchor that you gotta drag around but I know
Just what You need
And I'll be home soon
To kiss away the world burn your troubles down
I'm gonna make you forget
When I'm holding you
There's only room for us nothing else allowed
Tell all your worries there ain't much time left, It's time to go cause
I'll be home soon
Yeah I'm running reds, so I can run my fingers through Your hair girl I can
feel it now
And I'm coming for You honey
You can lay it on me, every care, baby call and I'll be there to catch You
I'm on My way
And Ill be home soon
To kiss away the world burn Your troubles down
I'm gonna make You forget
When I'm holding You There's only room for us nothing else allowed
Tell all Your worries there ain't much time left, Its time to go cause
Ill be home soonI'll be home soon
To kiss away the world burn Your troubles downI'm gonna make You forgetWhen I'm holding
You
There's only room for us nothing else allowed
Tell all Your worries there ain't much time left, Its time to go cause
I'll be home soon
Awww yeah
I'll be home soon
You call me up, You ain't even gotta say a single word I already know
