

Physical

R. Kelly

Hello, baby!
I just called to let you know I'm back! Roll up (roll up)
Smoke up (smoke up)
In the end you better close that door up!
Let's get physical (let's get physical!)
Baby, I'm so into you!
(I'm so in, I'm so in, I'm so in!)
It's just me and you
Up in this room,
So show me how you do, do, do
Girl, show me how you move! As soon as you take it off, off, off
I promise I'mma touch it, I'mma kiss it, I'mma lick it!
Have you climbing up the wall-all-all-all
So bring your body here to me!
Let's get physical (physical)
Girl, tonight, candle lights,
We're turning wild, we're making love
Let's get physical (physical)
Climbing up in this bed while I'm pulling your hair
Let's get physical oh, oh, oh!
Girl, I need it, I want it, all night
Let's get physical (physical)!
Let's get physical, baby girl! Lick up, sip up,
Girl you got that lava flowing in your cup.
Staring at it like you want that
I'm trying to give a hand at
Hop that, spread that
Till I got you asking me where your legs at!
Just me and you
Up in this room,
So show me how you do, do, do
(Show me how to do)
Girl, show me how you move! As soon as you take it off, off, off
I promise I'mma touch it, I'mma kiss it, I'mma lick it!
Have you climbing up the wall-all-all-all
So bring your body here to me! Let's get physical (physical)
Girl, tonight, candle lights,
We're turning wild, we're making love
Let's get physical (physical)
Climbing up in this bed while I'm pulling your hair
Let's get physical oh, oh, oh!
Girl, I need it, I want it, all night

Let's get physical (physical)!
Let's get physical, baby girl! Just keep doing what you're doing,
You gonna make me take you down
Like I'm about to wrestle you
(Let me take you down
Pulling you on, I'mma take you down!)
Promise that I'll do everything
I'm loving you, I'll do my best to pleasure you!
(Let me take you down
Pulling you on, I'mma take you down!)
That girl and in your head up
Ass shining, take up
Hair, make-up, all messed up
I did his back cause I'm scratched up
Them niggas nice, but I'm fucked up
I'm in the club with my cup up
Like I'm asking God for a refill!
Chicks on pole, fine drill
Club on it, like what bill
Real niggas, y'all know what it is!
Chaos! Let's get physical (physical)
Girl, tonight, candle lights,
We're turning wild, we're making love
Let's get physical (physical)
Climbing up in this bed while I'm pulling your hair
Let's get physical oh, oh, oh!
Girl, I need it, I want it, all night
Let's get physical (physical)!
Let's get physical, baby girl!
