

# Ex To See

Sam Hunt

Well there ain't enough smoke in my eyes  
To hide the kinda games you're trying to play  
Honey don't you act so surprised  
You know exactly what I'm bout to say  
You kiss my lips, like you mean it  
But you ain't that slick Everywhere we go you keep looking around  
Fixing your make up like its about to go down  
And he walks in, it all makes sense  
Suddenly you're climbing all up next to me, next to me  
I ain't no fool, you rascal you  
You don't want me, you just want your ex to see, ex to see  
Woahh woahhh woahh ohhh  
So thats why when I pick you up  
You always want me to drive your car  
So I can leave mine at your house  
And he can wonder where you are  
You're right here  
Looking sexy whispering in my ear Everywhere we go you keep looking around  
Fixing your make up like its about to go down  
And he walks in, it all makes sense  
Suddenly you're climbing all up next to me, next to me  
I ain't no fool, you rascal you  
You don't want me you just want your ex to see, ex to see  
Woahh oh woah oh woah ohhh oh  
Girl you look kinda cute, called out  
You're making it hard to have hard feelings for you now  
So hey, did he really do you wrong  
Hmm  
I guess I can play along  
I guess I can play along  
He walks in, it all makes sense  
Suddenly you're climbing all up next to me, next to me  
I ain't no fool, you rascal you  
Girl come here and kiss me  
I just want your ex to see  
Woahh oh woah oh woahhh  
I just want your ex to see  
Ex to see, ex to see
