

# Rock Bottom

Kenny Chesney

She was gone,  
Long gone this morning,  
She left a note  
Said I'm out of here,  
Adios my dear and that was all she wrote I tried to hang with the hank wasn't tough enough  
Could twang the pain  
But the flat was scrubbed  
Had to keep on drinking,  
Keep on sinking down, down,  
Down, down, down to the good stuff 'til I hit rock bottom, and I cranked it up  
I hit that water back with a monster stack  
And a kick, kick, kick drum kicking my butt  
Got a Cali chick, checking out this hit  
Spitting out Back In Black  
I hit rock bottom,  
Started bouncing back  
Started bouncing back, She's flying high tonight,  
Just across town  
There's a lone hillbilly playing stardust willy  
Wasn't even getting off the ground Tried to hang with the hang but I had to stop  
Got shot with the Jay Cash needle drop  
Couldn't walk the line  
So I just kept shining down, down  
Down, down, down to the juke box 'til I hit rock bottom, and I cranked it up  
I hit that water back with a monster stack  
And a kick, kick, kick drum kicking my butt  
Got a Cali chick, checking out this hit  
Spitting out Back In Black  
I hit rock bottom,  
Started bouncing back 'til I hit rock bottom, and I cranked it up  
I hit that water back with a monster stack  
And a kick, kick, kick drum kicking my butt Got a Cali chick, checking out this hit  
Spitting out Back In Black  
I hit rock bottom,  
Started bouncing back  
Started bouncing back
