

# In My Dreams

Kali Uchis

I'm feeling happy inside  
I've got no reason to hide  
I'm a dream girl  
I'm never stressing my bills  
Nobody ever gets killed  
It's the dream world  
My mama's never on coke  
This isn't my way to cope  
Washing my mind out with soap Everything is just wonderful here in my dreams  
Here in my dreams  
Every day is a holiday when you're living inside your dreams  
Why would anyone stay awake after being so sound asleep?  
Everything is just wonderful in my dreams  
He's never messing around  
He's always holding it down  
He's my dream boy  
We bought a house in the clouds, so we can only look down  
It's the dream world  
Don't ever worry or care  
Expect to pick what to wear  
Why isn't everyone here?  
Oh oh oh, oh oh oh Everything is just wonderful here in my dreams  
Here in my dreams  
Every day is a holiday when you're living inside your dreams  
Why would anyone stay awake after being so sound asleep?  
Everything is just wonderful in my dreams Oh oh oh, oh oh oh  
The moments we are happiest  
Happiest, happiest  
Are the moments that we don't exist  
Don't exist, don't exist Everything is just wonderful here in my dreams  
Here in my dreams  
Every day is a holiday when you're living inside your dreams  
Why would anyone stay awake after being so sound asleep?  
Everything is just wonderful in my dreams  
Everything is just wonderful here in my dreams  
Here in my dreams  
Every day is a holiday when you're living inside your dreams  
Why would anyone stay awake after being so sound asleep?  
Everything is just wonderful in my dreams
