Drop girl

Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)Drop girl  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)

Stop, drop, and roll it

I like bad bitches in that club that control it

If you tote it, uh huh, you get voted

And to my haters, I'm back???

And we exploded on you motherfuckers

We took shots and reloaded on your motherfuckers

Ayy, I can't hear you talking to me

Don't interrupt me when I'm talking to the bootyDrop girl

Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)Drop girl  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)

Stop, drop and pop it

And after you pop it, please put it in my pocket

Look here, I need a sponsor, we can turn the city out

You remind me of my drop top, titties out

Ooh yeah, and can spend about 50 thou

All you do is make 50 thou

We can run and go spend it now, haters

Realize it just don't stop, see you at them pearly gates

Hit the button that make you, make you...Drop girl

Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)Drop girl  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)Drop girl

(If I hit the switch, I could make that ass drop)Drop drop it, lemme see you squat it

Type a nigga gettin' private dances in the public  
Hit her from the back, grabbing on her shoulders  
Hair weave killa, girl don't you get nervous  
Cleaning some detergent, all my cars got curtains  
I love to light an oven

My Rollie cost a car, and I don't have a car note  
I took her from the bar to the car to the condoDrop girl  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)Drop girl  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
Drop to the drop, drop to the drop, drop, drop girl, drop  
(If I hit the switch, I could make that ass drop)
