

Things Ain't Cool

[Julian Marley](#)

Yeah... Eh! Yeeea. Things ain't cool anymore 4x We can't be fool no more 2x Things ain't cool
anymore 4x We can't be fool no more 2x

Why's there this fussin and fighting. I think its too much material delighting. When will we
come to realize its not real. Some them brothers lose their identity. And the sisters living for
vanity. When will we come to the light and see.

Things ain't cool anymore 4x We can't be fool no more 2x

Wise men follow the guiding stars. Without guidance we won't get very far. When will we see
that love is the way. Time out, time to take a stop. With a shepherd chosen to lead the flock.

And so we suffer through all these mysery.

Things ain't cool anymore 4x We can't be fool no more 2x

Out of manmade comes a nation. One of the time it will fill the whole population. We've got to
stand and speak for the right. Riiight! Live good nurture the children, so tommorrow will be
better for them. But today we about to look for liberty.

Things ain't cool anymore 4x We can't be fool no more 2x
