

That's a No No

Sawyer Brown

You're talkin' to Billy
Says she's ready and willin'
And I can't see
You're spreadin' around
That she's out doin' the town
Makin' a fool of me
You saw her walkin' with a guy
Who was talkin' 'bout Friday night
Your line I'll have to refuse
This ain't front page news
So get your story straight
You said she what what
Did what with who who
Well that's not so so
'Cause that's a no no
That's a no no You're talkin' that I'm blinded for Billy
But, really I can see
You say she's tellin' me lies
But when I look in her eyes
They don't lie to me
I'm not a pretender
I don't have to defend her
On the steps she takes
Oh and I don't get jealous
'Cause you and the fellas
Watch the moves she makes
You said she what what
Did what with who who
That's not so so
'Cause that's a no no
You said she what what
Did what with who who
But that's not so so
'Cause that's a no no
Ohh You said she what what
Did what with who who
But that's not so so
'Cause that's a no no
Ohh You said she what what
Did what with who who
But that's not so so
'Cause that's a no no

Yeah that's a no no
I'm talkin' no no
Yeah that's a no no
