## It Feels

## **NERVO**

Nothing's gonna change the way that it feels 'cause I'm falling in love again
Nothing's gonna change the way that it feels
Said nothing's gonna change the way that it feels 'cause I'm falling in love again
Nothing's gonna change the way that it feels

World moves quickly When you're with me Hearts get lost in What we started

Nothing's gonna change the way that it feels 'cause I'm falling in love again
Nothing's gonna change the way that it feels
Said nothing's gonna change the way that it feels 'cause I'm falling in love again
Nothing's gonna change the way that it feels
So tell me if it's real, if it's real, where do we go
So tell me if it's real, if it's real, where do we go

So tell me if it's real, if it's real, if it's real
So tell me if it's real, if it's real, if it's real
