Marvin Gaye

2073
2084
2093Light years ahead
You and me gon be getting down
On a space bed
We gon get married in June
We gon be getting down on the moon
Light years, interplanetary funk
is gonna get down
Star Wars interplanetary funk
Still getting down
Music won't have no race
Only space, Peaceful space
There is time what a trip
Step inside my little ship
I can tell by your way
That you really wanna stay
In space, funky space
Peaceful space
Terrible placeWait till I've been cool
Hey baby, let's get in the grooveGirl you look like somebody I met a long time ago
I know I haven't met you though but
Oooh you look like I haven't known you for a thousand years
God, just, mmm. I don't know what's happening, y'know, but I
I'm really empowered but every time I be checking you out y'know, my
You give me some other reaction
But it seems to me that the reason we together here
is that we supposed to be together
Come on baby let's go peace loving
And check out this new smoke
No this thing I got
It ain't classified as dope
Smoke I got from Venus
Have had it all week
It's getting old
Come on and try this new thing with me, baby
It's too coldCome on now, baby
Let's take off clean
Get in this here machine
And rocket rocket rocket rocket
Hey little baby
Let's magnetise

Magnet makes your love rise babyOoh sugar, let's get some more
Why do I feel like I been with you before
Shoot me good with the create gun
Shoot the people and lots of fun
Everybody created
Time and lots of fun
Let's move the party over to Star OneAlright everybody, we're moving now to come in for a landing here in Pluto
Now all of you who aren't groovay
Send you over to the Plutotarium to be Plutotized
Know that that you dig that
And the rest of the group, I know y'all gon' have a ball
But hey, little miss birdsong! Come here
You follow meCome on baby come on down
Razzmattazz and all that jazz
Come on baby come on down
Let's razzmattazz and all that jazz
Let's plug ourselves in this machine in the ground
Let's touch each other and feel each other down
Let's razzmattazz and all that jazz
Say, we need to say what we mean
Plug our hearts into the, the real machine
Let's razzmattazz and all that jazz
Let's see if we play, babe
Happiness around
Let's touch each other
Let's feel each other's ass
Let's razzmattazz, all that jazz
Let's razzmattazz and all that jazz
Says yeah
Let's razzmattazz and all that jazz
Says yeah
Let's touch each other
Let's feel each other's ass
Let's razzmattazz, all that jazzStop
Well it's been a fantastic trip, baby
Y'all cut it out
Get another load of funky four
Funky four
Everybody get your hands together
We be right here on time
You better count down, Zac
You ready?One, fun
