

Life Is Good

Stellar Kart

Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better All around me smiling faces
Different people from different places
Time is short, don't wanna waste it
Not ashamed so I'll just say it
Whoa, whoa, whoa, whoa All around me your creation
Brings me to my knees in adoration
Beauty here cannot compare to
What I see when I first see you
Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
Whoa, whoa, whoa, whoa
Whoa, whoa, whoa, whoa All around me your creation
Brings me to my knees in adoration
Beauty here cannot compare to
What I see when I first see you Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
'Cause life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
Life is good, eternal life is better
Whoa, whoa, whoa, whoa
Whoa, whoa, whoa, whoa
