

# Scheherazade

## Panda Bear

I see it up ahead  
I've seen it all behind  
I see it at the sides  
Though I've no point to try But if I could do  
Then what I would do to you I see it in the day  
I see it in the night  
I see it all the time  
Though I might not desire  
But if I could do  
Then what I would do to you
