If You Let Me (feat. GRADES)

Sinead Harnett

Hurts me the most when I wake
I form a ball and twist, till the truth starts to click.
There's so much space in this bed
These sheets go for miles, dreams of your smileI don't wanna be just a memory and I don't wanna feel your wings break free because without you i'm lost in the breeze. I gotta be strong now, I gotta show you how.I love you like I've never, ever loved somebody
I'll give you things you didn't even know you wanted
Don't tell me that it's enough
my time is up, you're over us cause I think I might do anything for you
If you just let me, if you just let me
if you just let me, just let me
Taste of your lips is still fresh and the smell of your scent, how could I forget?
Your words how they cut me to shreds
but to tell you the truth every piece is for you
