

Warpaint

88rising & NIKI

Every time I turn my head
Lovers kissin' everywhere
Fingers runnin' down their side
They're just livin' the lie
Love is nothing but a Cowboy
Shootin' up one life at a time
I'm just trying to nurse this cold heart
This cold heart of mine Keep my head high
I'll survive, 'cause Every day, I put my Warpaint on
I'm a warrior, I find another one
Step aside, I'm moving through
All by myself, I don't need you
Warrior, I put my Warpaint on
People like to call me cynical
Pessimistic when it comes to love
I'm not lookin' for a fucking miracle
I'm just lookin' for a sweeter drug
Love is nothing but a Cowboy
Shootin' up one life at a time
I'm just trying to nurse this cold heart
This cold heart of mine Keep my head high
I'll survive, 'cause Every day, I put my Warpaint on
I'm a warrior, I find another one
Step aside, I'm moving through
All by myself, I don't need you
Warrior, I put my Warpaint on 'Cause now I don't need you
'Cause now I don't need you
Keep my head high
I'll survive 'cause Every day, I put my Warpaint on
I'm a warrior, I find another one
Step aside, I'm moving through
All by myself, I don't need you
Warrior, I put my Warpaint on
