Those Days (feat. Dan + Shay)

Lindsey Stirling

I remember, I remember those days
Laughing out loud, staying up too late
Staring out the window whilst I see your face
I remember, I remember those days (I remember those days)We had a little bit of time but it's never enough
Remember driving all night, we'd been talking 'bout love
Now that you're gone the show is done
We had a little bit of time but it's never enough (no it's never enough)I remember, I remember those days
I remember, I remember those days
I remember, I remember those days
I remember those days
I remember, I remember those eyes
You saw my heart with that lowly disguise
In your arms there's nothing to hide
I remember, I remember those eyes (I remember those eyes)I remember, I remember those days
I remember, I remember those days
I remember, I remember those days
I remember those days
I remember, I remember those days
I remember, I remember those days
I remember, I remember those days
I remember those daysI remember, I remember those days
Laughing out loud, staying up too late
(I remember those days)
