

All That Glitters

Earl

I earned a pretty penny
I turned a head or two
I've learnt you've let you guard down
When somebody is good for you
I've seen some miracles
Been flown across the world
To learn for hand that they say
All that glitters isn't goldAll that glitters isn't gold
All that glitters, glitters, glitters
One time, for the money
Two times, for the love
Three times, for the beauty
These are the things that dreams are made of
One time, for my body
Two times, for my soul
Three times, for my honey
All that glitters isn't gold
We've got to take our chances
Can't always play it safe
Sometimes there's more to loosing
Innocence and saving faithCome be my great exception
Love can't be by us all
Don't need no diamond honey
All that glitters isn't goldAll that glitters isn't gold
All that glitters, glitters glitters
One time, for the money
Two times, for the love
Three times, for the beauty
These all the things to ? made of
One time, for my body
Two times, for my soul
Three times, for my handy
All that glitters gold
Chemistry goes together
Like you and me
Don't cost nothing
But love ain't cheep
Listen baby shivers my spine
Oh my, oh my
So I fell to the bottom
And I reached the top
I had everything

And I lost it all
Love is crazy, love me baby
With all you got (x2) I swam with the devil
With a face of fears
Sailed through an ocean
That was filled with tears
Love is crazy, love baby
With all you got One time, one time
Two times, two times
Three times, three times
All that glitters isn't gold
One time, for the money
Two times, for the love
Three times, for the beauty
These are the things that dreams are made of
One time, for my body
Two times, for my soul
Three times, for my honey
All that glitters isn't gold
