

# Rocket (feat. NEIKED)

[Miriam Bryant](#)

I know i never had, had you in my grasp  
And I held your hand, like it was broken glas  
Now isn't the time for people  
Come around and remind me of you Just because it shines, it dosen't make it gold  
You are just a troll, and you dug yourself a hole  
Now isn't the time for people  
Come around and think they know the truth  
Now isn't the time for the likes of you  
I checked the clock and tick and tock we're through And my eyes won't sleep and my heart  
won't beat  
We're over baby, you and me  
So I rocket, rocket, rocket away  
I rocket, rocket, rocket away  
I rocket, rocket, rocket  
I'm rocketing away, I rocket 'cause I need space  
I rocket 'cause I need space I see cracks in my window, the secret that we told  
That we were loveable, wrote everything in bold  
Now isn't the time for people  
Come around and think they know the truth  
Now isn't the time for the likes of you  
I checked the clock and tick and tock we're through And my eyes won't sleep and my heart  
won't beat  
It's over baby, 'cause I can't breath So I rocket, rocket, rocket away  
I rocket, rocket, rocket away  
I rocket, rocket, rocket  
I'm rocketing away, I rocket 'cause I need space  
Oh my love, oh my love, how we love but i let it go  
Oh my love, Oh i'm rocketing away, I rocket 'cause i need space Mouth won't speak and my  
lungs won't breath  
It's over baby, you and me So I rocket, rocket, rocket away  
I rocket, rocket, rocket away  
I rocket, rocket, rocket  
I'm rocketing away, I rocket 'cause I need space Oh my love, oh my love, how we love but i let  
it go  
Oh my love, Oh i'm rocketing away, I rocket 'cause I need space
