

We Found Love (feat. Kastrø)

Sultan + Shepard, Showtek & Zack Martino

Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it Now that we found love, what are we
gonna do with it Now hit me with that funky-ass beat Now that we found love
(Guess what) Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it
Now that we found love, what are we gonna do with it Now, now, now, now
Now hit me with that funky-ass beat
